EXPERIENCE

Durham Public Libraries

Durham, NC

Jan '20 - Apr '20

UX Research Intern

My key responsibility in this role is to develop and adjust usability testing protocols, carry out usability tests, and analyse the results to produce a full report on usability issues and insights into various library user groups. *Select skills/tools used: Usability Testing, Prototyping, Accessibility Testing, Figma, . . .*

Strongkey Inc.

Durham, NC

Jun '19 - Aug '19

UX Design/Research Intern

My main project in this role was to conduct user research and work on user friendly designs for Strongkey's cybersecurity resource, The Encrypted Web. Other projects included designing various graphics. *Select skills/tools used: User Research, Prototyping, Adobe InDesign, Adobe Illustrator, Google Analytics, . . .*

Innovate Carolina

Chapel Hill, NC

Jan '19 - May '19

Graduate Research Assistant

My main project in this role was to develop a new website for University of North Carolina's innovation/entrepreneurship resource, 1789hub.com. Other responsibilities included research and data mining. *Select skills/tools used: Prototyping, HTML, CSS, Microsoft Excel, Google Analytics, . . .*

ADECO

Dubai, U.A.E

Oct '17 - Jun '18

Web and Marketing Manager

My primary responsibility was to redesign the company's website and marketing materials. *Select skills/tools used: HTML, CSS, Prototyping, Google Analytics, Adobe InDesign, Personas, . . .*

SELECTED PROJECTS

Community Workshop Series

Volunteer

Jan '19 - Apr '19

Web Designer

Redesigned the website of a student group that offers basic computer and software workshops at public libraries. Part of the project involved evaluating the website's accessibility.

World Spine Care

Freelance

Aug '19 - Oct '19

Web Designer

Worked with the Executive Director (a past employer) and communications manager of World Spine Care to redesign parts of their website and make it more user-friendly.
